

§ 1650.11

participant is deceased, the funds cannot be returned to the TSP.

[70 FR 32215, June 1, 2005]

Subpart B—Post-Employment Withdrawals

§ 1650.11 Withdrawal elections.

(a) Subject to the restrictions in this subpart, participants may elect to withdraw all or a portion of their TSP accounts in a single payment, a series of monthly payments, a life annuity, or any combination of these options.

(b) If a participant's account balance is less than \$5.00 when he or she separates from Government service, the balance will automatically be forfeited to the TSP. The participant can reclaim the money by writing to the TSP record keeper and requesting the amount that was forfeited; however, TSP investment earnings will not be credited to the account after the date of the forfeiture.

(c) If a participant's vested account balance is less than \$200 when he or she separates from Federal service, the TSP will automatically pay the balance to the participant at his or her TSP address of record. The participant will not be eligible for any other payment option or be allowed to remain in the TSP.

[68 FR 35503, June 13, 2003, as amended at 70 FR 32215, June 1, 2005]

§ 1650.12 Single payment.

(a) *Partial withdrawal.* A participant can elect to withdraw a portion of his or her account balance in a single payment and leave the rest in the TSP until a later date, subject to §1650.16 and the following requirements:

(1) The participant is eligible for a partial withdrawal only if he or she did not make an age-based in-service withdrawal from that account.

(2) The participant may not elect a partial withdrawal of less than \$1,000.

(3) Only one partial withdrawal from that account is permitted.

(b) *Full withdrawal.* A participant can elect to withdraw his or her entire account balance in a single payment.

5 CFR Ch. VI (1–1–07 Edition)

§ 1650.13 Monthly payments.

(a) A participant electing a full post-employment withdrawal (*i.e.*, a withdrawal of his or her entire account) can elect to withdraw all or a portion of the account balance in a series of substantially equal monthly payments, to be paid in one of the following manners:

(1) *A specific dollar amount.* The amount elected must be at least \$25 per month; if the amount elected is less than \$25 per month, the request will be rejected. Payments will be made in the amount requested each month until the account balance is expended.

(2) *A monthly payment amount calculated based on life expectancy.* Payments based on life expectancy are determined using the factors set forth in the Internal Revenue Service life expectancy tables codified at 26 CFR 1.401(a)(9)–9, Q&A 1 and 2. The monthly payment amount is calculated by dividing the account balance by the factor from the IRS life expectancy tables based upon the participant's age as of his or her birthday in the year payments are to begin. This amount is then divided by 12 to yield the monthly payment amount. In subsequent years, the monthly payment amount is recalculated each January by dividing the prior December 31 account balance by the factor in the IRS life expectancy tables based upon the participant's age as of his or her birthday in the year payments will be made. There is no minimum amount for a monthly payment calculated based on this method.

(b) A participant receiving monthly payments calculated based upon life expectancy can make one election, during a period to be determined by the Executive Director, to change to a fixed monthly payment. A participant can change the amount of his or her fixed payments annually. A participant who is receiving monthly payments based on a fixed dollar amount, however, cannot elect to change to an amount calculated based on life expectancy.

(c) A participant receiving monthly payments, regardless of the calculation method, can elect at any time to receive the remainder of his or her account balance in a final single payment.

(d) The TSP will ensure that the annual total monthly payments satisfy any applicable minimum distribution requirement of the Internal Revenue Code by making a supplemental payment no later than the last date required by the Internal Revenue Service.

(e) A participant receiving monthly payments may change the investment of his or her account balance among the TSP investment funds as provided in 5 CFR part 1601.

(f) Participants who elect to withdraw their account balances in a series of monthly payments cannot transfer or roll over money from a traditional IRA or eligible employer plan into their TSP accounts. Participants who have both a civilian TSP account and a uniformed services TSP account cannot combine the two accounts if they are already receiving monthly payments from one of the accounts.

§ 1650.14 Annuities.

(a) A participant electing a full post-employment withdrawal can use all or a portion of his or her account balance to purchase a life annuity. The portion of the participant's account balance elected and available for the annuity purchase must be at least \$3,500. The TSP will purchase the annuity from the TSP's annuity vendor using the participant's entire account balance or the portion specified, unless an amount must be paid directly to the participant to satisfy any applicable minimum distribution requirement of the Internal Revenue Code. In the event that a minimum distribution is required before the date of the first annuity payment, the TSP will compute that amount and pay it directly to the participant.

(b) An annuity will provide a payment for life to the participant and, if applicable, to the participant's survivor, in accordance with the type of annuity chosen. The TSP annuity vendor will make the first annuity payment approximately 30 days after the TSP purchases the annuity.

(c) The amount of an annuity payment will depend on the type of annuity chosen, the participant's age when the annuity is purchased (and the age of the joint annuitant, if applicable),

the amount used to purchase the annuity, and the interest rate available when the annuity is purchased.

(d) Participants may choose among the following types of annuities:

(1) *A single life annuity with level payments.* This annuity provides monthly payments to the participant as long as the participant lives. The amount of the monthly payment remains constant.

(2) *A joint life annuity for the participant and spouse with level payments.* This annuity provides monthly payments to the participant, as long as both the participant and spouse are alive, and monthly payments to the survivor, as long as the survivor is alive. The amount of the monthly payment remains constant, although the amount received will depend on the type of survivor benefit elected.

(3) *A joint life annuity for the participant and another person with level payments.* This annuity provides monthly payments to the participant as long as both the participant and the joint annuitant are alive, and monthly payments to the survivor as long as the survivor is alive. The amount of the monthly payment remains constant. The joint annuitant must be either a former spouse or a person who has an insurable interest in the participant.

(i) A person has an "insurable interest in the participant" if the person is financially dependent on the participant and could reasonably expect to derive financial benefit from the participant's continued life.

(ii) A relative (either blood or adopted, but not by marriage) who is closer than a first cousin is presumed to have an insurable interest in the participant.

(iii) A participant can establish that a person not described in paragraph (d)(3)(ii) of this section has an insurable interest in him or her by submitting, with the annuity request, an affidavit from a person other than the participant or the joint annuitant that demonstrates that the designated joint annuitant has an insurable interest in the participant (as described in paragraph (d)(3)(i) of this section).

(4) *Either a single life or joint (with spouse) life annuity with increasing payments.* This annuity provides monthly
